# Introduction to WritePlacer®

Prompts within the ACCUPLACER® System have been carefully designed so that the student can respond quickly and in a variety of ways. Prompts ~~are~~ of technical or specific literary references and do not require specialized knowledge. The prompts ~~are~~ designed to stimulate critical thinking and are relevant to any number of fields and interests. Students will be asked to draw on a broad range of experiences, learning and ideas to support their point of view on the issue in question.

Scores on WritePlacer range from 1 to 8. An essay is too short to be evaluated, written on a topic other than the one presented, or written in a language other than English will be given a score of zero.

A prompt consists of a short passage adapted from authentic text. Following the passage is an assignment that requires the student to focus on the issue addressed in the passage.

## Instructions to Students

The essay gives you an opportunity to show how effectively you can develop and express your ideas in writing. You will first read a short passage and an assignment question that are focused on an important issue. You will then write an essay in which you develop your own point of view on the issue. You should support your position with appropriate reasoning and examples. The position you take will not influence your score.

Your essay will be given a holistic score that reflects how clearly and effectively you expressed your position. The following six characteristics of writing will be considered:

- x Purpose and Focus – The extent to which you present information in a unified and coherent manner, clearly addressing the issue.
- x Organization and Structure – The extent to which you order and connect ideas.
- x Development and Support – The extent to which you develop and support ideas.
- x Sentence Variety and Style – The extent to which you craft sentences and paragraphs demonstrating control of vocabulary, voice and structure.
- x Mechanical Conventions – The extent to which you press ideas using Standard Written English.
- x Critical Thinking – The extent to which you communicate a point of view and demonstrate reasoned relationships among ideas.

### Passage

An actor, when his cue came, was unable to move ~~the~~ stage. He said, “I can’t get in, the chair is in the way.” And the producer ~~said~~ “Use the difficulty. If it’s ~~a~~ drama, pick the chair up and smash it. If it’s comedy, fall over it.” From this experience the actor concluded that in any situation in life that is negative, there is ~~somethi~~ positive you can do with it.

## Sample Essays

On the pages that follow there are descriptions ~~each~~ of the eight WritePlacer score points followed by two sample essays that were assigned the ~~indicat~~ score. Annotations are provided for each essay explaining why the essay was given the score ~~recived~~. Studying these sample essays and the accompanying annotations will point out the ~~elets~~ ~~con~~sidered during the scoring process.

## SCORE of 1

### Description of Score of 1

A response in this category demonstrates mastery of on-demand essay writing; the response is severely flawed by many or most of the following weaknesses:

- Lacks a viable point of view on the issue
- Demonstrates no awareness of audience
- Fails to present a main idea
- Demonstrates flawed reasoning
- Demonstrates no complexity of thought
- Is disorganized and/or disjointed
- Displays fundamental errors in word choice, usage and sentence structure
- Contains pervasive spelling, grammar, punctuation and mechanical errors

Shown below are sample essays that received a score of 1. The annotations explain why the essay received the indicated score.

#### Sample Essay #1 – Score of 1

The question is can any obstacle or disadvantage be turned into something good? Yes it can, because even in the story he couldn't get in because of the chair and the guy tells him if it's a drama, "Smash it and if it's a comedy fall over it. But when you think about it, if a girl was guilty and was pleading to say on how she was innocent and they catch her in a lie its practically the same thing. But that's not the point but you can change a negative into a positive somehow.

#### Annotations

This essay lacks a viable, coherent point of view on the issue. The writer attempts to explain that "you can change a negative into a positive," but the ideas provided are minimal and disorganized, resulting in a disjointed and, at times, incoherent essay (Yes it can....But when you think about it, if a girl was guilty and was pleading to say on how she was innocent and they catch her in a lie its practically the same thing). The response demonstrates flawed reasoning, no complexity of thought and displays fundamental errors in sentence structure (But that's not the point but you can change..). Demonstrating no mastery, this essay receives a score of 1.

## SampleEssay#2 – Score of 1

Yes, obstacles and disadvantages can be turned into something good because you will know how to overcome obstacles and disadvantages in the future. You can help other people with obstacles and disadvantages because you have been in the situation, that need help. You also can learn from them it can also help you in life and with your success.

### Annotations

This essay attempts to present a point of view (Yes, obstacles and disadvantages can be turned into something good) but fails to develop any of its ideas. The absence of support results in a disjointed essay that demonstrates no complexity of thought (You can help other people with obstacles and disadvantages because you have been in the situation, that need help). The response also contains fundamental errors in

## SCORE of 2

Description of Score of 2

A response in this category demonstrates ~~very~~ little mastery

# SCORE of 3

## Description of Score of 3

A response in this category demonstrates little mastery of on-demand essay writing; the response is flawed by one or more of the following weaknesses:

- Presents a vague or limited point of view on the issue
  - Demonstrates little awareness of audience
  - Attempts to develop the main idea though that attempt is inadequate
  - Demonstrates weak critical thinking with little complexity of thought or with flawed reasoning
  - Provides inappropriate or insufficient examples, reasons, or other evidence to support its position
  - Is poorly organized and/or focused or demonstrates serious problems with coherence or progression of ideas
  - Displays limited word choice and little sentence variety
  - Contains many errors in mechanical conventions of usage, sentence structure, grammar, spelling and punctuation

Shown below are sample essays that received a score of 3. The annotations explain why the essay received the indicated score.

SampleEssay#1 – Score of 3

## SCORE of 4

### Description of Score of 4

An essay in this category demonstrates developing mastery of on-demand essay writing. A typical essay

- Develops a viable point of view on the issue
- May stray from audience and purpose
- Demonstrates some critical thinking but may do so inconsistently or use inadequate examples, reasons, or other evidence to support its position

## SCORE of 5

### Description of Score of 5

An essay in this category demonstrates adequate mastery of on-demand essay writing although it will have lapses in quality. A typical essay

- Develops a viable point of view on the issue
- May stray from the audience and purpose but is able to refocus
- Demonstrates competent critical thinking using adequate examples, reasons, and other evidence to support its position
- Is generally organized and focused but could lack coherence and logical progression of ideas
- Exhibits adequate but inconsistent control of language
- Demonstrates some variety in sentence structure
- Contains some minor errors in sentence structure, grammar, spelling and punctuation

Shown below are sample essays that received a score of 5. The annotations explain why the essay received the indicated score.

Annotations

This essay demonstrates competent critical thinking, providing adequate reasons and examples to support the claim that “an obstacle or disadvantage can be turned into a good thing.” Although the response offers a variety of adequate supporting examples, it demonstrates an occasional lack of progression of ideas as it jumps from one idea to the next ( . . . if a person gets a serious burn . . . If someone is on crutches . . . The best comedians always turn an obstacle or disadvantage into a good thing). The essay demonstrates adequate but inconsistent control of language and features some minor errors (If the audience is not laughing. . . . This obstacle about the audience not laughing he could make a joke about, then making the obstacle into a good thing). Demonstrating adequate mastery, this essay receives a score of 5.

Sample Essay #2 – Score of 5

Life constantly harrasses modern society with a variety of problems and obstacles. But, negatives never come out without its positives. Events such as the Civil War and messages that stem from Romeo and Juliet’s tragic ending include something good even though they show obstacles of life. Therefore, society can gain good things through bad things.

The Civil War broke out in 1861 and left a terrible tear on American culture. Even after horrible battles like in Gettysburg, a 5PDA 0

## SCORE of 7

### Description of Score of 7

An essay in this category demonstrates consistent mastery of on-demand essay writing, although it may have occasional minor errors. A typical essay

- Effectively and insightfully develops a point of view on the issue
- Addresses an appropriate audience and demonstrates a clear purpose for writing in the thesis statement
- Demonstrates outstanding critical thinking, usage, and mechanics

From these two examples we can clearly see that obstacles or disadvantages can become something good. Both Louis and Lance overcame extremely difficult obstacles and became some of the best there ever was. They knew that anything was possible and were not discouraged by hardships.

Annotations

This essay demonstrates outstanding critical thinking, effectively and insightfully developing the point of view that “an obstacle or disadvantage can be turned into something good” with two appropriate supporting examples. Well organized and focused, the essay displays clear coherence and a smooth progression of ideas as it explains how the Armstrongs, Lance and Louis, “overcame extremely difficult obstacles and became some of the best there ever was” (Louis was born to a single mother. They were poverty stricken. . . . He formed a jazz group when he was released from prison. . . . On one fateful day, a record company representative heard the group and immediately wanted to sign them). The essay displays appropriate language using a varied and accurate vocabulary and varied sentence structure appears throughout (Within a year, Lance was back on the bike. He went on to win seven Tour de France in a row and he remains one of the greatest cyclists, if not the greatest cyclist of all time). Demonstrating consistent mastery, this response merits a score of 7.

## SCORE of 8

## Description of Score of 8

An essay in this category demonstrates clear and consistent mastery of on-demand essay writing with a few minor errors. A typical essay

- Effectively and insightfully develops a point of view on the issue
  - Addresses an appropriate audience and ~~and~~ ~~esta~~ ~~a~~ clear purpose for writing in the thesis statement
  - Demonstrates outstanding critical thinking using effective examples, reasons, and other evidence to support its position
  - Is well organized and clearly focused, demonstrating clear coherence and smooth progression of ideas
  - Exhibits skillful use of language, using varied, accurate, and apt vocabulary
  - Demonstrates varied and effective sentence structure
  - Is free of major errors in grammar, spelling and punctuation

Shown below are sample essays that received a score of 8. The annotations explain why the essay received the indicated score.

Although these changes are superficial, Heathcliff used the adversity facing him as a boy as motivation to improve himself, to marry Catherine; thus his early obstacles were turned into something good (at least for him). From Emily Bronte's *Wuthering Heights*, it is evident that obstacles can be transformed into motivation, a very positive emotion.

In the 1770's, America was under the rule of a tyrant in England. Legislation such as those that were called the "Intolerable Acts" that forbid such practices as forming a militia in Massachusetts and the infamous "Stamp Act", which was essentially a tax forced on Americans to gain revenue for the

Read the passage(s) below and answer the question based on what is stated or implied in the passage(s) and in any introductory material that may be provided.

(11) And now tonight, with twenty-four hours to go, they had somehow managed to bring it off.  
(12) Giddy in the unfamiliar feel of make-up and costumes on this first warm evening of the year, they had forgotten to be afraid: they had let the movement of the play come and carry them and break like a wave; and maybe it sounded corny (and what if it did?) but they had all put their hearts into their work.  
(13) Could anyone ever ask for more than that?

## Passage 1

Green Bank, West Virginia, is a tech-savvy teenager's nightmare. In this tiny town in Pocahontas County—population 143—wireless signals are illegal. No cell phones. No WiFi. No radio. No Bluetooth. No electronic transmitters at all. You're not even allowed to cozy up to an electric blanket.

e remote town is smack in the center of the National Radio Quiet Zone, a 13,000 square mile stretch of land designated by the Federal Communications Commission to protect two government radio telescopes from human-made interference. e rules are most strict in Green Bank. So strict that a police o cer roves the streets listening for forbidden wireless signals.

It's necessary, though. The town is home to the Green Bank Telescope, the largest steerable radio telescope in the world—and arguably our most powerful link to the cosmos. Scientists there listen to radio energy that has journeyed light years, unlocking secrets about how the stars and galaxies formed. A rogue radio signal could prevent potential discoveries, discoveries that could answer big questions about how the universe ticks.
